

UT Southwestern Medical Center

Make a gift to make an impact.

I wanted to say thank
you in the most meaningful
way that I could.

I have worn thick glasses since I was a little girl, so I have always known I was at risk for a retinal detachment. And yet I found myself in a state of shock when I was told during a routine exam that my retina had indeed detached and I would need surgery immediately—or lose the vision in my left eye within the month. The curtain would close, and you can't ever get it back.

I had always taken my eyesight for granted, until the moment it was seriously threatened. Quite unexpectedly, I felt the fear that comes from not having control over one's own destiny. I needed someone to trust.

At UT Southwestern, I found hope in the words of my surgeon. He calmly explained the procedures he would perform to stabilize my retina—and now months later, my eye has healed and my fear is gone.

Everything that I now see is so much more beautiful because of what I've been through. I wanted to say thank you in the most meaningful way that I could, so I made a donation to UT Southwestern in honor of the surgeon who saved my eyesight.

Betsy, a grateful patient of UT Southwestern Medical Center

I would like my gift to honor or recognize:

Name

Department/Location

Please tell us why you have chosen to make
this recognition:

Please attach additional sheets if needed or
if you wish to honor other UT Southwestern
employees.

We will let the honoree know you made a gift,
but the amount of your gift will not be shared.

Thank you for investing in UT Southwestern
and the future of medicine, today.

The future of medicine, today.
UT SOUTHWESTERN
Medical Center

UT Southwestern Medical Center
Office of Development

Dallas, TX 75391-0888

Thank you

for choosing the physicians, nurses, aides, and staff of UT Southwestern to provide your health care. Bringing you and your family members comfort with a smile, a kind word, and a caring touch is as much a part of our mission as conducting the high-impact research for which we have been internationally recognized.

Improving the care of patients, now and in the future, is at the heart of everything we do at UT Southwestern. We are driven by the desire to understand the causes of disease and the hope of developing new—and more effective—treatments and cures. We won't give up until that hope is a reality.

Many of our physicians are committed to scientific research in their respective fields in addition to devoting considerable time and energy to patient-centered

clinical care. Promising and bold new research, made possible by generous support from our community, helps drive the innovative patient care we provide here. Through a gift to UT Southwestern, you can help advance innovative new therapies for today's most challenging medical conditions, such as Alzheimer's disease, diabetes, heart disease, and cancer.

Opening Doors to a Better, Healthier Future

Your gift will help us:

- Attract and retain renowned physicians and researchers from around the globe;
- Conduct research that brings us closer to cures;
- Acquire state-of-the-art technology that keeps UT Southwestern at the forefront of 21st century patient care; and
- Bring scientific advances to the patient's bedside—focusing on quality, safety, and service.

Your gift really does empower the fight against disease. And it's also an opportunity to recognize a physician, nurse, or health care provider who made a difference for you.

Yes, I want to support the future of medicine, today.

☐ \$50 ☐ \$100 ☐ \$250 ☐ \$500 ☐ Other _____
